FIELDING AVERAGES
OF CITY LEAGUEDOM

Here are the fielding averages of the four teams in the El Paso City League. The same averages as well as the batting averages, printed in Wednesday's Herald, that is, that the army team has used less players than any other team in the league. These figures show the averages since the beginning of the season. From now on the averages will be compiled monthly by scorekeeper C. Calpepper, and since president Woods is now allowing only 15 players for each team they will better show the relative ability.

Facts and Fancies For Fans

By Timothy Turner

IT'S Englishman, Chappie Homer, who is in our midst to do battle on June 9 with Jack Herick, who is a distinctly understood that he is the original "knockout kid." Homer is a self-reliant, and still there was a big mob at the last battle in Juarez, hundreds to testify to Herick's handiness and worth. Homer says Herick fight that day, and at least he ought to know himself better than he does the other fellow. Eh, wai?

Prize fighters have strange opinions about things—especially about each other. An example is what Owen Moran has to say about Joe Mandot. "He is a tall, lanky young fellow," says Moran, "and, for that reason, is hard to reach. But he has a good method of hitting. He whips his blows back before he delivers them. Especially does he do this with his right. It is a pipe for a man with any cleverness to hand him a straight punch with the left when he pulls back his right to hit."

It is good for the soul to crew one in a while. There being little chance of argument, let's crew about the American athlete. Americans are certainly the greatest athletes in the world in nearly every branch of sport, and America's sport branches are many. Best to illustrate this is the record of American teams in the Olympic contests which were rejuvenated in 1896, have Americans beaten all other nationalities, but the contests have been on sided. In view of the coming Olympic contests this summer, a slant at the following record of past events is good for the disposition.

Place	Time	Events	America
Paris, 1896	12	7	9
Paris, 1900	22	17	17
St. Louis, 1904	22	19	20
Athens, 1906	22	19	19
London, 1908	22	14	14
Total	97	72	

Edward Walsh, twirler for James J. Callahan, knows a thing or two. He gets a day off every Tuesday. Instead of bunnings around pool halls or joy riding in the park, he goes a Tuesday with his folks up in Connecticut. If there's anything for the athlete it's home, especially the ball player, who travels so much and works so often. This home sweet home thing's no joke dream.

Dear Editor—
Is Zach Cobb any relation to Ty Cobb? Is it true that Zach Cobb and King Kelly are opponents, but Ty Cobb's line is entirely different. Zach Cobb is an oratorical athlete, while Ty Cobb is a pugilistic one.

BANKERS AND ELKS TO PLAY BALL ON SUNDAY

On next Sunday morning at 5:30, at Washington park, the Rio Grande Valley bankers and the Elks will meet in baseball contest. It is a preliminary game, as far as the Elks are concerned, to organize a regular team. The bankers order plans to get uniforms, and full ball equipment for continual warfare on the commercial ball teams of the city. Will J. Watson will umpire Sunday's game. The lineup has not yet been fully completed.

OCEAN-TO-OCEAN CAR DODGES EL PASO TOWN

Dell M. Potter, making the ocean-to-ocean tour in the Los Angeles Times car, has refused the invitation of El Paso to come down this way. He will proceed by way of Socorro, N. M. J. D. Bueker, secretary of the El Paso Automobile club, has received a telegram from Potter to that effect. Potter wired from Clifton.

WOULD PROHIBIT PICTURES OF JOHNSON-FLYNN BATTLE

Washington, D. C., May 20.—Representative Roddenberry, of Georgia, yesterday introduced a resolution to prohibit the interstate transportation of moving picture films of prize fights. He admitted it was intended to prevent a reproduction of the Johnson-Flynn fight at Las Vegas, N. M., July 4.

BURNS BESTS SALZBERG

New York, N. Y., May 20.—Frankie Burns, of Jersey City, had the better of a 10 round bout with Young Salzberg, of Brooklyn, here last night. Johnny Coulon, the bantamweight champion, announced at the ringside that he would meet the winner.

NO DECISION BATTLE

Columbus, O., May 20.—Pal Brown, of Hibbing, Minn., and Sammy Trott, of this city, both weighing in at 115 pounds, fought 10 fast but indecisive rounds here last night. No decision was given.

CALIFORNIA MAN HONORED

Annapolis, Md., May 20.—Carl E. Hintze, of California, 1915, was last night elected captain of the navy field and track team of next season. Hintze is a shot putter and hammer thrower.

Bombardier Wells Logical Match
For Jack Johnson, Says Authority

By Tom S. Andrews

Recently Arrived English Champion Is Clean, Clever Fighter, Has the Longest Reach of Any in the World and Will Be Heard From Sure.

WITH Bombardier Wells, the English heavyweight champion, on this side of the Atlantic to seek honors with all of our white hopes, there should be something stirring in the near future. Wells came over for the express purpose of meeting Al Palsler, the white hope whom Tom O'Rourke thinks will beat the world, and the match is supposed to be arranged for San Francisco July 4, although there are still some hitches in the cards. If Wells should win, Palsler there would be no preventing a meeting with the winner of the Flynn-Johnson fight for the British championship; in fact, he is the logical opponent today for Johnson, being a foreign champion, but the Flynn match was made after the Johnson-Wells match fell through in England.

Wells is a fine fellow and should make many friends on this side. He is not given to blowing or anything of that kind, but is a straightforward

man and fair to a fault. He is also clever and has a longer reach than any fighter living. For a big man he is fast on his feet and he knows how to sidestep as well as Kid McCoy. He has a fairly good punch with either hand and it will be a surprise to me if Palsler can defeat the Britisher decisively. I look for Wells to defeat Palsler on points. Just remember this—if Palsler is defeated, the Boston boy the old cry can be put down as the best white hope in the world and capable of going against Jack Johnson, Jim Flynn or any other heavyweight.

Probably the tip wasn't right about Ray Temple, the Milwaukee lightweight! Temple, before he met Matty Baldwin at New Orleans recently, was not given a lookin' by many, but when he defeated the Boston boy the old cry went up that Matty was not in shape and that it should have been a draw. Probably Ray would have been all right, but just the same Temple made the showing and no one seemed to give him credit for the same. Then came his battle with Joe Mandot, the southern champion, whom every sport south

of St. Louis wants to back against Ad Wolgast for the championship of the world, and the Milwaukee boy has again demonstrated his class by outpointing the clever southerner. It was no fluke, but a clean-cut victory. Temple winning all the way and showing splendid form, not only in cleverness, but also in roughing and inflighting. Some weeks ago I suggested that Temple, who had been a sparring partner of Wolgast's, might yet be fighting him for the title and don't be surprised if the same comes true, for if the boy takes care of himself and attends to his knitting he has a fine future in the ring. As a result of his victory over Mandot, he has received an offer from Hugh McIntosh, of Australia, to visit that country next season and enter the big lightweight tourney, meeting the best 125 pounders available. His manager, Frank Mulken, likes the idea pretty well, as he believes the Australian would have been a lot of good, the same as it did Jimmy Clabby. Temple is a tall youth for a lightweight, standing 5 feet 8 1/2 inches, but he can easily scale 125 pounds if necessary.

TO PUSH ROAD IMPROVEMENT

Auto Club Men Get Together About Uncompleted Canutillo Route.

To hasten the improvement of the Canutillo road, a part of the Borderland Automobile route, members of the El Paso Automobile club got together Wednesday night and planned a campaign for funds to do the work. It was reported that the bridge at Mesquite had been washed away, only one span remaining. The Mesquite road has been used as an auxiliary to the Canutillo route, and more than ever is the road improvement needed.

John W. Eubank, county surveyor, told the autoists of the conditions. He said that the county is expending about \$600, bringing the road to Crawford's ranch at the New Mexico line. Secretary J. D. Bukey stated that of \$520 subscribed \$225 had been collected. Eubank says that it will cost about \$200 to bring the road from the crest of the mesa to Lanark, and that the road was about half graded to the top of the hill.

It was suggested by Dr. F. S. Cary to send a letter to all automobile owners asking for subscriptions, and also to invite the motorists to come in. This will be about 100, many of whom will be seen and asked to subscribe. The proposed city ordinance to prohibit parking machines in front of office buildings will be investigated by the club. A committee composed of Drs. E. M. Irvin, R. M. Worsam and H. O. Darnall was commissioned to visit the city council meeting Thursday morning and protest against what the autoists would consider unfair regulations.

The list of those who already have subscribed to the Canutillo road fund is as follows:

J. F. Kilburn, \$100; H. H. Bailey, \$10; E. Burr, \$10; Brown & Brown, \$10; H. Curtis, \$10; J. H. Doake, \$10; J. Jackson, \$5; Donaldson Auto Co., \$10; J. C. McNary, \$5; J. W. Eubank, \$10; F. M'FARLAND BEST IN EIGHT ROUNDS

Bronson Only Shows Up in Two Goes; a One-sided Affair.

Indianapolis, Ind., May 20.—Packy McFarland, of Chicago, won the popular decision from Ray Bronson, of Indianapolis, in their 10 round bout here last night. McFarland had the better of eight rounds and Bronson managed to break even in the other two. With the exception of the third and ninth rounds the fight was all McFarland's. Bronson was at his best in the third and ninth rounds at will.

The first four rounds were fought in a drizzling rain which made the canvas slippery and interfered with the footwork of the two fighters. In the first two rounds the fighters felt each other out with Packy getting in a few jabs to the face and body. In the third round the fight was all McFarland's. Bronson brought a real blood to McFarland's nose in the third round and broke even on an exchange of punches. The Chicago fighter had a slight shade in the fourth and then went into the fifth and drove Bronson to the ropes with rights and lefts. Packy's jabs to Bronson's wind in the clinches began to tell and the local boxer was breathing hard when the round ended.

He missed several swarms in the sixth and was sent to the ropes again, where the Chicago got in several hard blows at close range. Not much damage was done in the seventh, but McFarland started in the eighth and jabbed Bronson at close quarters almost at will.

The ninth was pretty much of a slugging match in the center of the ring with Bronson about evenly matched. He appeared to be getting stronger, but blows to the face and body staggered him. He was at his best in the tenth, but the going soured. The fight was at 138 pounds. They fought in the baseball park.

Johnnie Dundee and Kilbane Meet

Two Johnnies to Have Try-Out Matches First and Will Be in Keen Fettle.

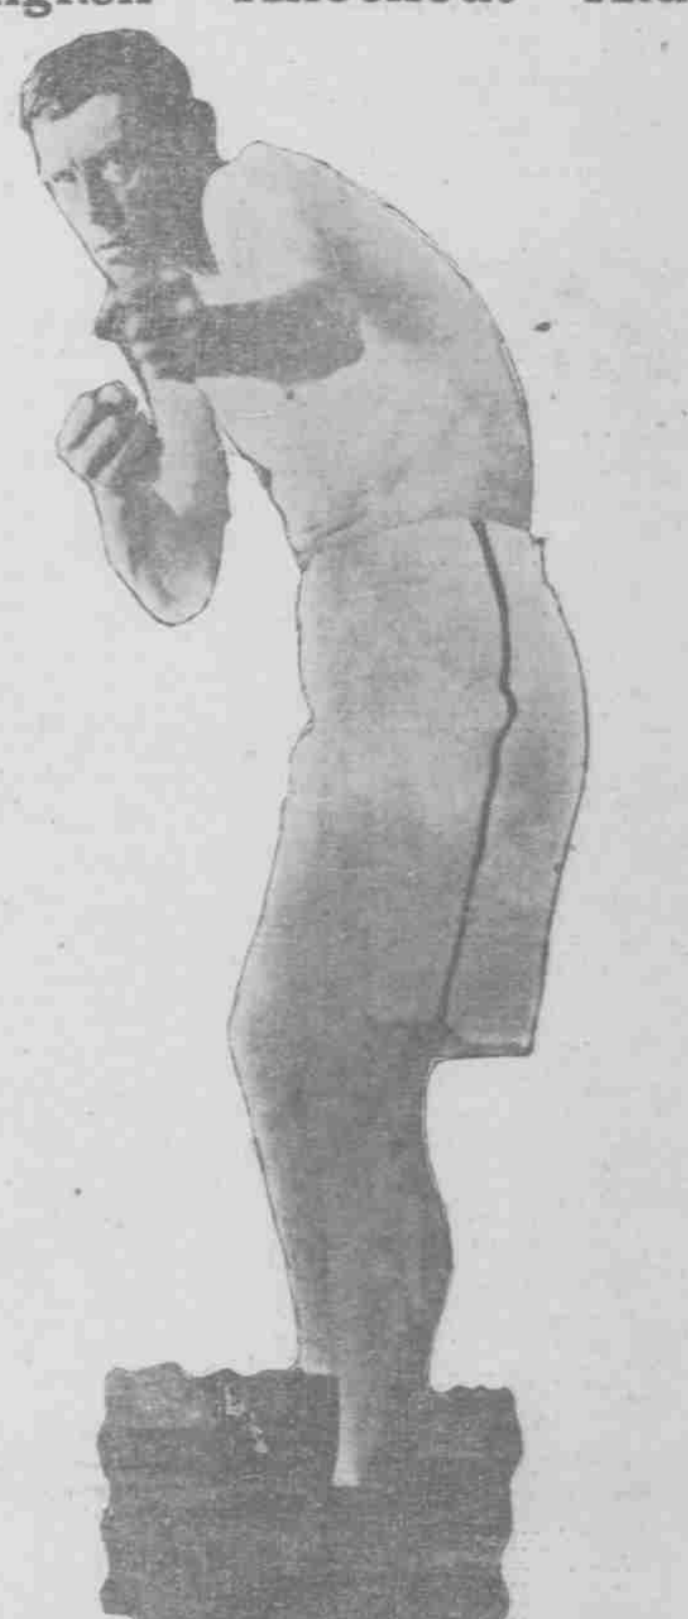

New York, N. Y., May 20.—Johnny Kilbane, the featherweight champion, will make his second appearance in this city on June 18, when he will battle the Johnny Dundee rounds at the St. Nicholas rink. For his stunt the champion will receive \$4000.

As Battling Reefe says, "Tis soft money." This will be the battle of battles in this town. Dundee is credited with being one of the few boys about here who have a chance with the champion. A good fast boy, he also possesses the wallop that confuses many people. If he does then we'll have a champion in this town.

The lads will weigh in at 122 pounds at 7 o'clock, which will bring them in the ring about 124. Both boys will indulge in one battle before the world affair. Kilbane is to meet Tommy O'Toole in a six round bout at Philadelphia on June 5, and Dundee will meet an unknown on June 3. These bouts will put the boys on edge. Ever since Kilbane won the championship the Gotham fans have been aching for a battle between him and Dundee. Now that everything is arranged we will hear nothing else.

Kilbane and his manager, Jimmy Dunn, have arrived from Boston where Jimmy Walsh was given a draw with the champion. Dunn had little to say, except that Walsh is a native son. Also that Moody was selected as the referee and at the last moment Flaherty was substituted.

Chappie Homer, the English "Knockout Kid"

This is Chappie Homer, the English boxer from Mexico, who will meet Jack Herick, the clever Chicago fighter, at Juarez on June 9. Homer is said to be a heavy-hitting boy, and is the self-admitted "knockout kid." Herick is training with the Carpenters, was an amateur, and has a host of admirers. He likes to put away his sparring partners, and already has knocked out two of three amateur boxers, just to perfect his "sleep kick." Herick begins training today at the Juarez race track.

BIG FIGHT MAY COME TO JUAREZ

Local Promoters Have July 4 Concession With the Rebels.

Will the Johnson-Flynn fight come to Juarez after all? Local promoters believe it will, in fact some intimate that there are assurances that it will. It all depends on the action of the New Mexico legislature, and governor McDonald seems to be doing all he can to prevent the negro and the white man coming together for heavy weight honors on the soil of the new state.

Moran claims to have been unfairly treated in his fight with Charley White. "In the second round," he said, "this fellow got his head down and butted me like a bull. He opened a gash over my eye that they had to take five stitches in. The ninth round I got a good chance and slammed him as awful crack in the stomach. He backed off and began to groan. 'Oo, wait a minute! Oo, my stomach! Oo, my stomach!'

"The referee asked him, 'Did you get hurt?'" "White, still doubled up, said, 'Yes, I guess so. Oo, my stomach! And they gave him the fight on a foul.' Moran will go into training at Doyle's for his fight with Jack White. He will be obliged to go very easily until his eye thoroughly heals.

SUTER COMES TO TERMS AT LAST

Holdout of Last Season Accepts Job on the Frisco Club.

San Francisco, Cal., May 20.—Harry Suter, who refused to sign his contract last spring because of a cut in his salary over the year before, has finally come to terms with the management of the San Francisco club.

Long says that Suter got in touch with him by telegraph and stated his desire to join the team. Suter, although not in professional baseball, has been keeping in condition the last two months in Portland and ought to be able to work right from the jump.

Jesse Baker, the portlander from Chicago and Spokane, of whom much was expected, later, so far, being a disappointment. His arm hasn't been in shape and he has been easy to hit. Whether this move means that Baker will be released in case Suter makes good is not announced, although the chances are that something of the kind will be done. Suter won half of his games last year, winning 22 and losing the same number, but he was going very poorly the last two months of the season.

Some of the fans have been declaring that Suter would improve the chances of the club and they will now have a chance to see what he can do.
